Sir:

Prior to initial examination of the application, please amend the above-identified application as follows:

IN THE CLAIMS:

Please amend claims 14, 15, 16, 17, 19 and 33 as follows:

14. (Amended) A call responding method according to claim 12,
wherein said step (c) comprises the steps of:

reading out data of call responding method stored in connection with the
extracted phone terminal identification information;

checking if the read data of call responding method indicates call rejection; and

transmitting a call rejection signal to a base station based on said checked result.
